

Award 8. Champion Community Impact – Medium/Large Enterprise

Category description:

The Press Champion Community Impact – Medium/Large Enterprise Award recognises Community registered charities and not-for-profit organisations and their volunteers who positively impact our community.

It recognises their commitment (both paid and volunteer), the drive and dedication of their Boards, the strength of their partnerships and collaboration within community and the difference they make in the Community through their outcomes.

The process for consideration in the Champion Community Impact category differs from our other Awards, recognising that Community Impact organisations work differently than commercial businesses. The entry process will include providing background to your programme, project and service. Rātā Foundation has offered to support this process by reviewing your entry before you submit it. You are able to preview your entry before you submit it, but we suggest preparing your answers in a separate document before entering them online. Before you submit your final entry, please contact Tanya Bethell, Communications Manager at Rātā Foundation tanya.bethell@ratafoundation.org.nz to review your entry.

Tips for Entering:

- Try to use clear language that is easy to understand.
- Be concise - finalists may be contacted for further information.
- We are interested in hearing about the difference your project will make. Being clear about the outcomes of your project can be helpful.
- Remember, we won't assess your entry on how well you present the information, so please don't worry about formatting your answers.

Who should enter:

To be eligible for this Award, entrants must be a registered charity with the Charities Services, undertaking not for profit programmes, projects, or services providing demonstrable community impact within Canterbury. A social enterprise, which is also a registered charity, is eligible in this category.

Business size:

Please select the size of your business, based on the employee numbers that apply to your organisation for the 2019/2020 calendar year.

- Small Enterprise [under 15 FTEs or an annual charitable turnover of under \$700,000]
- Medium/Large Enterprise [15 or more FTEs or an annual charitable turnover of more than \$700,000]

Full-time contractors are also considered as full-time employees (FTEs). If you are a national or international organisation, the size you select should be based on your Canterbury staffing levels.
